

## Advice for Employers

Are you a business owner looking to hire someone for a part time job?

We are passionate about providing local teens with the local opportunities they need. Your part time job opportunity could give them a head start and lead on to a great career, allow them to earn a little extra money and give them a break from their phone screens for a while!

Can you offer a few hours of work a week to a local teenager?

There are many benefits to employing a teenager. They are young, dynamic and excited to take their first steps in the world of work and get to know more about businesses like yours.
